Up in arms...

At the Homecoming game versus Altoona, Liz Recchia (9) and Tina Magness (11) show their support for the home team. Magness said, "My friends and I enjoyed painting up because it let the team know that we all cared about them, whether they won or lost." Magness also painted up for several of the wrestling matches.

then

I have been standing in this spot for 50 years. In the beginning, my grounds were home to Vandergrift Airport. When my doors first opened, only sophomores, juniors, and seniors came from surrounding high schools. Oh, how times have changed...

I now share my campus with an intermediate school and offer a place for freshmen in my halls and classrooms. My English classes have shifted focus from grammar to writing, my young men have tumbled from gymnastics mats to wrestling mats, and I've had clubs change focus from rockets to robots. I provide my children with transportation, but now, students can even drive to school. They can also enjoy a cup of coffee in my new library coffee shop, and my students have upgraded from using typewriters to using laptops and SmartBoards. Still, with all of the changes...

I will always adapt to my current generation of youth. Over these 50 years, I have successfully graduated 18,740 students, and I have experienced all the ways they have changed. Perhaps the most evident difference involves their demand for the facts without the fluff. My new learners have become accustomed to instant communication through text messages and Facebook statuses. They feel that a few simple words can transfer more than lengthy offerings. Hence, I offer everyone those facts, just as they want them... always accurate, always informative, and always *Cavalier*.

I became the Cavalier mascot by giving into the cheerleaders' peer pressures. I love to talk, so I was comfortable pumping up the entire school. I was more nervous about dancing with the cheerleaders and messing up the shuffle than anything else. I did mess up the dance, but I played it off well. I hope someone will step up next year and continue the Cavalier tradition.

Rosie
Evans
(12)

We started preparing for the Telethon in early November. We implemented some different aspects this year, which included remote locations all over the district. We had to find businesses in the community that would donate their storefronts for the cause. Also, instead of telecasting from Giant Eagle, we utilized the high school atrium. Art students painted the windows with their favorite holiday scenes.

With her microphone in tact, Alison Misho (12) discusses the silent auction with her co-anchor, Morgan Waddell (12). "Telethon is always really hectic, but it's always worth the trouble," Misho said. She served as secretary of Student Council and president of Key Club.

Hip to be square...

Playing four square in the atrium during Telethon, Peter Thomas (12) sets up to hit the ball. "Four square is a very simple game. Yet, there is a lot you can do with it to make it fun and difficult. I started playing in ninth grade when I learned how to play before swimming practice," Thomas said. In his free time, Thomas played ice hockey outside of school.

Mr. Swanson unveils bizarre facts about new shop

- ☒ Students buy over 280 cups of coffee per week.
- ☒ It takes 15 minutes to brew each pot of coffee.
- ☒ Very few students prefer tea over coffee.
- ☒ People buy just as much coffee on warm mornings as they do cold.
- ☒ The library does not sell decaf coffee.
- ☒ The average cup of coffee is 12 oz.
- ☒ During homeroom and periods 2 and 4, the shop has the most customers.
- ☒ Just as many boys buy coffee as girls do.
- ☒ After homeroom, the coffee shop takes a break to brew more coffee for the demand.
- ☒ The line for coffee has about 20 people at any given point.
- ☒ Roughly three spills happen a week.
- ☒ The idea came from Greensburg-Salem High School.
- ☒ Most students name cappuccino or hot chocolate as their favorite.
- ☒ The coffee shop purchases about \$300 worth of coffee every single week.
- ☒ No single day sells more coffee than the other days.
- ☒ Only two teachers stop in regularly; ten stop in at random.
- ☒ The crash, for most students, comes around noon.
- ☒ The coffee shop sells about 1,000 cups a month.

During the musical, I was assistant

crew chief. I mostly ran the lights in previous years, but this year, I directed the crew backstage. I had to make sure that everything ran smoothly. It really got hectic backstage. There were always people running back and forth getting props, and it was really difficult making sure that the crew placed everything in time.

Emanuelson also served as section leader of the marching band's saxophones.

Cream of the crop...

In a scene that aimed to gain big audience laughs, Chloe Shupe (12) accepts a whopping amount of whipped cream. "*Godspell* was unique because everyone involved got to be on stage. It created friendships that made it very powerful and fun to be a part of for me," said Shupe. Throughout her high school career, she sang in many choral groups.

Cast reacts to director's *Godspell* choice

Story by r. evans (12)

Q&A

Students sat in their eighth period classes in late November of 2010, anxiously awaiting the annual spring musical announcement; the announcement always triggered excitement and complaints, but this one also brought controversy. The announcement confirmed *Godspell* the spring musical and while many people had never heard of the play, others argued against the religious affiliations that came with it.

"When I first heard it was going to be *Godspell*, I contemplated not even trying out," Jessica Pollick (12) said.

"I had no idea what *Godspell* was. I thought it was God being a magical wizard," Joe Bruno (10) said.

Intrigue and joy, however, challenged the disappointment and confusion that spread after the announcement.

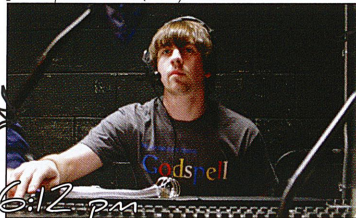

"After watching the movie, I really wanted to do the show. I thought it would be a fun, great, memorable experience," Ryan Francart (12) said.

"My feelings became much more excited about *Godspell* by the end because I enjoyed the message the show gave," Cecily Ziemianski (12) said.

me...
Nick Insko (12)

We live just up the road from
the high school and for the past
couple of years, we've had two
horses at home, a Tennessee
Walker named Duke, and a
Belgium named Cammie. My
brother, Tucker, was the one
who really became interested in
handling horses. I personally
prefer Duke over Cammie because
he's just tougher than she. Just to
get through one winter, we need
about 200 bales of hay.

Eric Ruzomberka (12)

"I have been known for my flexibility. It has helped me in football and I can even do a double flip off the diving board, depending on how high up it is."

Derek Brown (12)

"I make pizzas at Mogie's Irish Pub in Lower Burrell. I can toss the dough high up in the air, let it spin, and catch it just in time for the sauce."

I've played baseball since as long as I can remember. Baseball helps me relax because it is something that I love to do. Before each game, I taped my wrists and wrote the Biblical phrase Philippians 4:13, *I can do all this through Him who gives me strength.* I plan to continue playing baseball throughout my college career. Playing baseball is something I will always remember when I look back at high school.

I dressed as Mr. G for Halloween because I knew I would get a reaction from him. Nobody knows Italian food like Mr. Gonnella. He always has food on his desk or in his mouth while he is talking to you. He does have really good taste in food because he eats the best of the best. He loves when people bring him desserts during the holidays. If you are ever in trouble, just bring him a cannoli or tiramisu to get on his good side.

Study madness...

In the library classroom, Bryce Nelson (10) completes a pretest in Study Island. "It's hard to determine whether I should guess at answers, or actually read through each question and try to figure them out. It's so conflicting," said Nelson. Of all categories in Study Island, Nelson loathed the fraction ones the most.

Tech has allowed me to look at things from a different perspective so that I can more easily solve problems. I hope to one day become an electrical engineer.

Always dangerous

For what typical task do you have to really pay attention?

"You have to be really careful when working with flammables while fixing cars. I try to always wear safety goggles and properly dispose of used rags."

Clayton Ward (10)

"You pretty much have to watch everything you do in machine tool. Last year, I was loosening a bolt when my hand slipped. I pretty much filleted my thumb."

Devin Miller (12)

Tough stuff...

After Jessica Collins (12) demonstrated in Spanish how to make paper snowflakes to her peers, they present one to Leroy Thorpe (9). Thorpe said, "The snowflakes looked so hard to make. I just loved them." Overall, each student in Mrs. Leezer's class took home over 20 ornaments.

What about Mrs. Leezer's students encourages you daily?

"I like that they are always easy to get along with. You know when you go into room 405 you're in for great time."

Jake McClarnon (11)

"I love their motivation and how they manage to make learning fun all the time. They just make me smile."

Allison Guggenheimer (12)

"It's always fun to watch their faces light up when we decorate for each holiday. I loved Christmas shopping with them at K-mart."

Amanda Pulsifer (12)

Just after Logan Brown (12) hit a line drive up the middle, Matt McCutcheon (11) gains praise after smacking a home run ball to left against Pittsburgh Central Catholic. "Nothing beats getting congratulatory smacks after touching home," McCutcheon said. He predicted that the Cardinals would win the World Series in seven games.

At a night game against Gateway, Logan Brown (12) asks Coach Q for advice on signs. Brown said, "There is nothing better than a laser show under the ballpark lights." On November 9, Brown signed with NCAA to attend Youngstown University. Additionally, the home team won the game with a score of 14-3.

players discuss bitter rivals

always golden
What Cavalier activity shaped and improved your life?

I don't really worry too much about rivalry. As long as both sides have fun, then that's all that counts. When you remember someone from a previous match, it's still competitive but on a friendly level. The girls were honest when calling what's out of bounds, so it's really the love of the sport, not the competition.

Brianna DelleDonne (12)

We have many bitter rivals. One of the tennis team's biggest rivalries is Penn Trafford. They won our section last year, but they only beat us 3 to 2 in the match. We have our whole team coming back from last year, so I think we will have a great chance to take them out and beat the Warriors to become section champs.

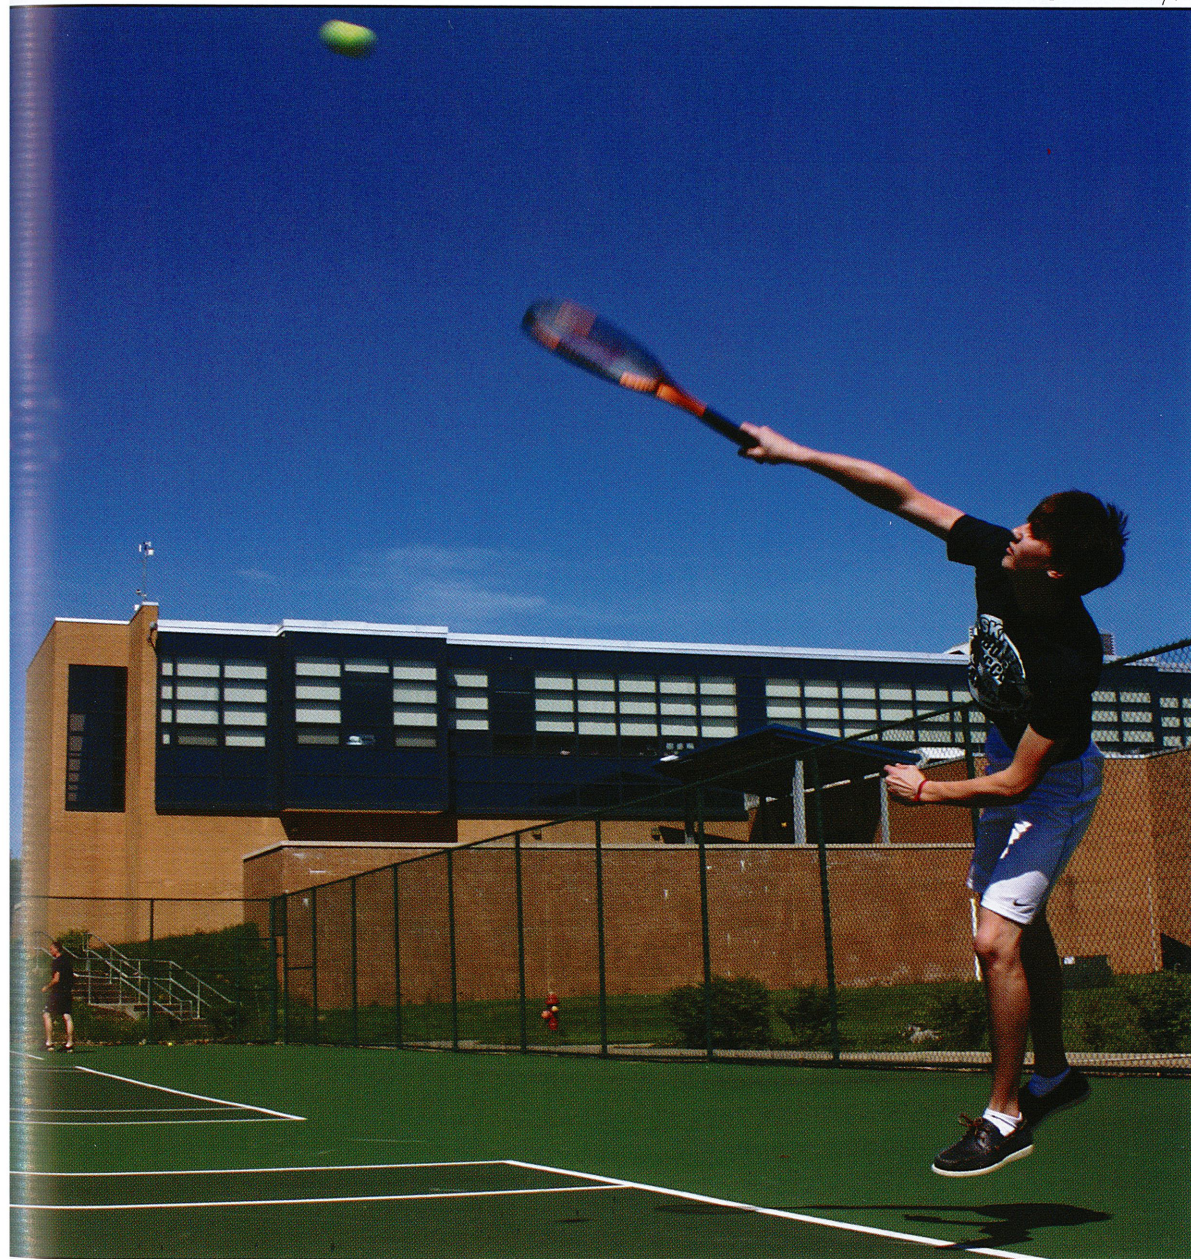

Thad Paunovich (11)

I played a girl from Penn Trafford who was my personal bitter rival.

She often lied about her calls, saying the ball was out when it was in. It was really annoying because it's hard to win when someone cheats on the honor system. She would always have a dirty look on her face, but when I beat her, I felt so much better.

Pyramid power...

At a boys' basketball game against Connellsville, the cheering squad constructs elevators for the crowd. "As a base member, you have to really concentrate to make sure that the flyer is in safe hands," Savannah Stroup (11) said. Overall, the squad performed nearly ten different stunts.

Taken from the 1967 Campus yearbook, members of the cheering squad pose for their yearbook picture. The squad won the 1966 Westmoreland County Cheering Championships and thus hosted the 1967 event.

Coach Tursky adds tremendous value to the team. You can't talk about KA Wrestling without Coach Tursky in mind. He has put many years of hard work and dedication to the program and it shows. From early on, he taught us to take pride in everything we do and to raise the bar.

Everyone has different ways to prepare himself for a match. For me, though, I put on my headphones and listen to *KA All Day* by Kaliboy and try to zone in on what I want to do during the match. I tell myself to do my best to wrestle my own match, and not worry about other matches.

Shawn McGowan (11)

The worst injury I've seen was last year, my junior year, at the County Tournament. Kyle Skelly broke his nose after hitting a kid's hip. It was pretty gruesome. His whole nose shifted to the left and it bled horribly. Skelly still wanted to finish the match, but the trainer would not let him.

What Cavalier activity shaped and improved your life?

Each meet was a challenge in its own way. The hardest opponent we faced would probably have been Plum because we were evenly matched. However, every meet was a challenge because you really had to concentrate and face yourself to do your best and become a better swimmer.

Maddy Frech (12)

The secret to my success was my beard. The first meet after I shaved my beard, I over rotated my last dive and hit the water flat on my back and then hit my head, causing a concussion. I'll probably never shave my beard again because I do not want to jinx myself for the future.

Casey Dalsass (12)

Technique is the key for success in diving. The most important technique involves work on the board. It matters what you do off the board, but if you have a bad take-off, you will not successfully complete the dive. The hardest dive to do correctly is the full-twisting one and a half.

Bring back to life the season's most incredible single moment...

It happened during the home match against Woody High. We were winning. We had an incredible showing of support in the stands from the student body, and they kept taunting their goalie. She ended up executing her wrath on Steph Sikora (11) and then began to run across the field. She hopped the fence and then began to attack many of the people in the crowd. It truly was the most incredible thing I've ever seen!

Janessa Young (11)

Cody Heasley (grad.), Rich Lednak (12), Brent Kennedy (10), and Ryan Kennedy (grad.) ran their hearts out. It came down to the last lap when Ryan passed a Penn Hills runner to win the event by a slight margin. They broke the school record that day, too. It was truly amazing.

For nearly four decades, Coach Charles Tursky built a wrestling dynasty, one that perennially landed itself at the top of WPIAL rankings. However, on January 6, 2012, he became legendary, having the most career wins of all western PA coaches.

"Coach Tursky is unique because he is a coach that truly

Bring back to life the season's most incredible single moment...

Any time we wrestle Burrell, it's a big event. Still, the match that happened in our gym on January 6th was great.

Even ending with a destructive score of 60-14, nothing compared to the anticipation and excitement for Coach Tursky's huge 449th WPIAL record-setting win. I've never seen the gym so packed with people; spectators had to even sit on the floor.

The noise level was absolutely ridiculous. I'll always remember the look on Tursky's face when he accepted his trophy.

A look into theme

...with **claire⁽¹²⁾ murray**

Was it hard getting all the answers that appeared on the borders?

Where did you get all of the past pictures that appeared in the book?

Actually, that was the easiest part. We collected them during distribution day of last year. Shelby Klick (12) typed them all in.

We overtook Mr. Swanson's office and looked through old books, mostly.

Why did you eliminate the traditional stories?

Why all the hand drawn-doodles?

Let's face it. Students don't read long writings unless they have to. We decided to chunk information.

We wanted to incorporate a bit of youth in an already historical book. That's why we exploited Colin Moffitt's artistic talents throughout. They also made the book more fun.

How did you and the staff decide on the theme?

We knew that we had to do something extremely unique for the 50th Anniversary book. Still, we didn't want to specifically make the book only about the past. That's how we got *then, now, always*.

Doodle dude...

To provide interest to the sports section, Colin Moffitt (12) uses an overhead projector to complete ink drawings of students who gave quotes. "I had to do a whole lot of drawing for this book and I'm so glad that it provided a link that made the book so cool," Moffitt said. Moffitt drew all the doodles that accompanied the TNA answers on each spread.

photo: t. gibson (11)

Gimme a K...

Set in place, PSPA Student Board member Claire Murray prepares herself to capture the Big K performance from the band. Murray said, "Get there early, check your lighting, and take more pictures than you ever have for each event." Based on portfolio submissions, CSPA recognized Murray as the nation's third best student photographer.

I always say that nobody will ever know what it takes to put together a great yearbook. However, one student on staff certainly knows more than the others.

Congratulations to Shelby Klick (12), Kiski's first newbie on staff to ever win this award. Shelby spent most of her summer typing in all the T-N-A answers into Excel so that we could place them on the borders of each spread. She then typed them all onto the spreads.

For her incredible heart and effort, Claire and I both declare Shelby Klick as Editor-of-the-Year for 2012. Congrats!

Planting pansies...

bal4.tv/5wsmxexn

On offense, Brad Ziegler (11) prepares to pass the ball to one of his teammates. "Van Horn and Culler scare me in hockey. They try to be the grinders on the faculty team and intimidate the students. They're just pansies, though," Ziegler said. Ziegler also played hockey for the varsity and junior varsity teams.

photo: c. murray (12)

Celebrate good times...

In a heated game of dodgeball against the students, Mr. Culler (fac.) celebrates a quick catch. "There is nothing better than when a student thinks that you aren't watching them, just like in class, and he winds up, throws the ball... and I catch it. You're out! Haha," said Culler. Mr. Culler taught both geometry and Algebra I for the math department.

Club games scoop

...with **dan antoniono** (11)

What game is the most fun to watch the students and teachers play?

The dodgeball games are fun to watch because people get very intense and emotional. The students have the best chance of winning.

Which teacher are you most afraid of during the games?

Mr. Van Horn is the most feared. He tears right through the opponents.

If you could have a teacher on your team, who would you choose?

I would want Mr. Berzonsky to be on my team. He is full of motivation and inspiration.

What sport should be turned into a student/faculty face-off?

I think track and field would be the most interesting because of all the different events and talents of the teachers and athletes.

What games do you find the most fun to play?

My favorite game to play is the FBLA hockey game. The teachers are very physical and you get a chance to hit them back without any consequences.

We have a great marching band, we have great team sports, and we are strong in academics.
Josh Porterfield (10)

As the horn sounds...

Just after a quick pass from Mr. Kiebler (fac.), Mr. VanHorn (fac.) heads down court for a goal. VanHorn said, "I suppose that all that needs to be said is *no big deal* and all we do is win." The faculty defeated the students convincingly just before the winter holiday break.

photo: c. moffitt (12)

Golden oldies...

While the students battle the teachers at the annual NHS Students versus Faculty Volleyball Game, students in the audience view the competition. Devin Wallace (12) said, "Why a bunch of old people think they have a shot at beating the youth is a mystery to me." Wallace played soccer for the school since seventh grade.

Quite honestly, I don't know why the students keep thinking that they have a shot against the faculty. It's like putting Betty White in a ring with Chuck Norris in a death battle. Seriously, the pansy students need to leave the battles to the big boys. It's so annoying.

A look into guard

kalie
...with sheaffer (12)

If you had to pick only one, which
would you choose and why?

I would pick winterguard
because we have more time to work
on perfecting our routines. Also,
people come to watch us perform.

Discuss your practice schedule and
routines.

We practice at least twice a week
and on Saturdays. After Saturday
practices, we leave for competition.

Discuss the show concept and
meaning behind it.

This year's show was called
Move and is choreographed to show
different kinds of movement.

Which competition do you most
eagerly await?

This season I'm looking forward
to the World Championship because
it's our first time going and is the
biggest competition around.

How is winterguard different from
fall colorguard?

Colorguard is done along side the
marching band while winterguard
performs solo in gymnasiums. For
winterguard, we can focus more of
the show on our spinning and we get
to perform barefoot.

In for a landing...

With his band, May's Landing, in the lower cafeteria, Pat Bouch (11) performs *Walter Goodman* written by Colin Suierveld (11 grad.). Bouch said, "It was cool performing our original music in front of our peers. We all had a blast." Bouch played lead guitar and sang backup for the group.

High Hands...

At the end of the finale from *Godspell*, Kaylin Shetron (12) hits her final pose for the audience. Shetron said, "Performing in front of such huge audiences was a little overwhelming. Still, it was a great rush." Shetron played *The American Lady* in the 2012 spring musical, *The Drowsy Chaperone*.

For about two or three years, I've had the privilege to perform drum set at CJ's, Ava's, and Gullifty's in Pittsburgh. I've had lessons with John Schmidt and Lenny Rogers from Duquesne for five or six years. I guess rhythm just runs in my family.

Look at fund raising...with **casey nasetka** (10)

Who do you sell or try to sell the
fund raising items to?

I mainly sell to my family
members or relatives. They are
my most supportive and loving
customers.

Do you think fund raising is an
effective method of raising money?

Yes, it is definitely effective
whenever a majority of the profits
go into your own account.

What is the best item you have ever
sold through fund raising?

The choir sells really good
hoagies. Everyone in my family
loves them.

Is it ever difficult to reach your fund
raising deadlines or sell the items?

Yes, I always feel bad asking the
same people to buy the items, which
makes it hard to sell. It's hard to ask
the same people over and over.

For what sport or club do you do
the most fund raising?

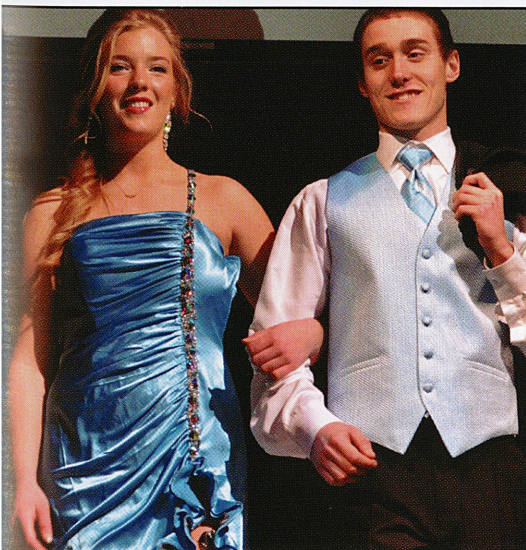

I do the most fund raising for
Women's Choir. We have to raise
a lot of money for our choir trips,
which are expensive.

Lots to say...

Inside his atrium jail, Mr. Gonnella (prin.) does his best to keep Miss Jeffers (fac.) from donating to Cavalier Leadership Council's cause. "The only way to shut that man up was to shove a cannoli in his mouth. I swear that he never stopped talking for a single minute," Lizzy Wilkinson (11) said. CLC donated all proceeds for keeping Mr. G. in jail to the American Red Cross Disaster Relief Fund.

All dressed up...

Held on February 4, 2012, Kaitlin Liebert (12) and Pat Slusarick (12) model dresses and tuxes at the Prom Fashion Show. "It was a lot of fun getting the chance to wear different styles of dresses. It gave me a good idea of what I wanted for my own dress," said Liebert. All monies raised went toward SADD Club functions.

I helped raise money for the musical by working backstage at *Dancing with the Teachers*. My main job was to communicate with the people in the booth. I had a lot of fun, and I'm glad I could help with the fund raiser. I plan to help out again next year.

*How well did the bands and dancers
perform?*

There was a lot of hype about
the dancers. They were not part
of the show but they added to the
interesting atmosphere.

*Why did you choose to attend the
coffeehouse?*

I attended to get out of class and
get cookies for the unbelievable
price of a dollar ticket.

*Did you find the coffeehouse
alternative to going to class?*

The coffeehouse was much
better than sitting in physics doing
worksheets.

*What would you like to see at the
next coffeehouse?*

I would like to see a better
variety of cookies and many more
types of refreshments. It wouldn't
hurt to have it last two periods.

*Discuss your caffeinated drink of
choice?*

Nothing is better than Mountain
Dew when you are out working
in the sun. It's refreshing and
better than a hot drink, like coffee.
Mountain Dew is good at all times
and is a pretty green color.

SADD situation...

In the lower cafeteria, Scout Young (11) reaches in for a cookie. "My favorite combination is an M&M cookie with a Peppermint White Mocha from Starbucks," said Young. The SADD club provided cookies, coffee, tea, and hot chocolate to those who attended the event.

You got served...

During the December 22nd Coffehouse, Danielle Richardson (12) mixes cappuccino drinks. "I personally love French vanilla cappuccinos. My favorite place is Gabrelli's down the bypass," said Richardson. She served as secretary for SADD.

The coffehouse has been a tradition for over ten years. This year, we added iced coffee to the menu to attract more students and set us apart from the new library coffee shop. The turnout this year was the greatest I've seen in my four years of being in SADD.

Twist of fate...

The day after a horrific storm, a portion of Melwood Manor rests in shambles. On Tuesday, June 3, 1980, at approximately 12 noon, a series of violent tornados ripped through the Kiski Valley, causing damages in the millions of dollars. Workers had to replace the entire roof of the high school.

Milheim said, "It was nice to perform our show for the local *Silver Sneakers* club. They were very attentive and appreciative. They even gave us candy canes." 50 Worst Pixo

Reflecting a long *Campus* tradition, the yearbook staff now offers, once again, its worst pictures of the year. The student body submitted all of the photographs that appear throughout the listing. The yearbook staff added quotes from the people in each picture to add even a bit more whimsy to the book.

Realize that in judging, some adjudicators have advised the *Campus* staff to eliminate this portion of the book because they deemed it inappropriate. However, based upon the students' requests and love of the tradition, we have included it again and will do so as long as the students demand it. Enjoy!

Emmer ~

I cannot begin to explain how proud of you I am. I could not have asked for a better sister since day one. I am the luckiest girl in the world to have a sister that can literally be my best friend forever. Random trips to the mall, the bank, or out to eat were always better because I had such a great sister to be with me and hang out. We are so fortunate to get along so well and always be each others' friends until the day we die. Always remember that you have me to talk to when you need a friend. You are a beautiful, strong, and talented, young woman that will go farther than you could ever imagine in life. Never give up music and playing the piano; it's a talent that many wish they had. I wish you all the best in college and your future. I love you. Kathryn

Love, Mom, Dad, and Terry

Thank you for filling our hearts and lives with so much love, joy, and excitement. You have been blessed with so many gifts, including kindness, thoughtfulness, compassion, athletic ability, and a strong faith. You have been through so much in your 18 years. They say that the Lord doesn't give you more than you can handle, and you've handled everything in stride. You've grown into a beautiful and caring young woman. We are so proud of you! Remember to always work hard, smile, and reach for the stars.
We love you! Mom & Brian

No one can count on the future or know what they someday might do. But, could I have chosen the son that I wanted, the one I'd have picked would be you. Life holds some gifts and surprises, and one of the best there could be is having a son who's exactly the one who's already been given to me.

Dear Savanna,
It is a blessing and a privilege to have you as a daughter, and we are very proud of the wonderful person you have become. Even as your life opens up in many new and exciting directions, we know that you will stay centered on gratitude, service, and faith. Let your adventurous spirit, spontaneous friendliness, and unfailing kindness be a beacon to guide you on your path through life. May the Lord bless you as you live your life to the fullest.

Congratulations,
Savanna.

Megan Aislinn...
There are too many words and not enough space to express what we are feeling as your Graduation Day arrives. We have decided that the most important one is LOVE.

Past, Present, and Future!

We will always LOVE you!

Congratulations!

Love, Mom, Dad,
Cuddles, Dutchess,
and India

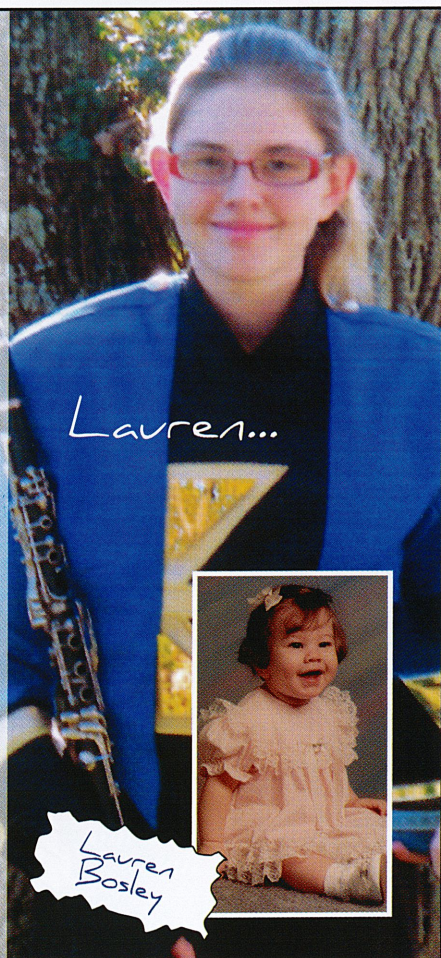

You were our little girl, and now you are all grown and ready to move to the next stage of your life. Seems like yesterday we were helping you get ready for your first day of school, and now we are getting ready to watch you graduate.

It's been a joy watching you grow from a cute baby to a beautiful young woman. You weathered some tough times, but you always came out on top. You have made us proud with everything you have accomplished and will continue to with your future accomplishments. **YOU ARE AMAZING!**

You have always marched to your own tune and stood for your own beliefs. Continue to be that way and you will be a great success and go far in life. Follow your heart and your dreams will all come true.

We love you very much and wish you all of the success in the world. Good luck with everything you do in the future. Keep making us proud!

Love, Mom, Dad, Michael & Puppies

Jessica Pollick

Jessica, watching you grow up as been an adventure and you've made us smile a million times...from "Pretty School," the day you cut your bangs, Village Gold, late skate, pickle shots, the Jonas Brothers

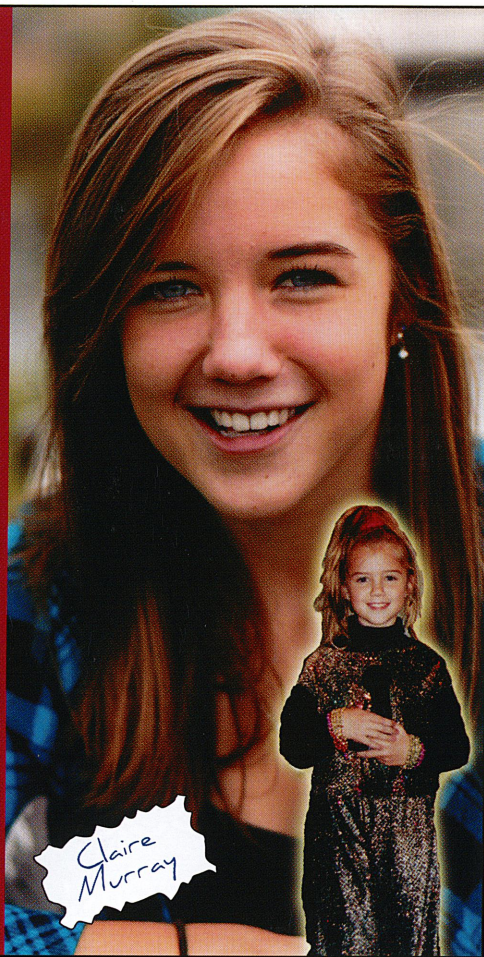

concert, to shopping in Chinatown! And, while we know there are still so many great things in your future, we're really going to miss being a part of your every day! So proud of you! Love Mom, Dad, and Beau

Claire...

When you were young, you wanted a costume that would make you "sparkle." You never needed that outfit. Whether it is academics, French horn, cross-country, photography, or even Editor-in-Chief of this yearbook, your approach is always the same. Each endeavor is met with enthusiasm, intelligence, dedication, and, of course, humor. We know life will take you on your many journeys...with camera in tow!

Congratulations.

Love, Mom, Dad, Ben, and Caroline

Claire Murray

Lindsay Rose...

You have always been so full of life. Your compassion for people is a treasure.

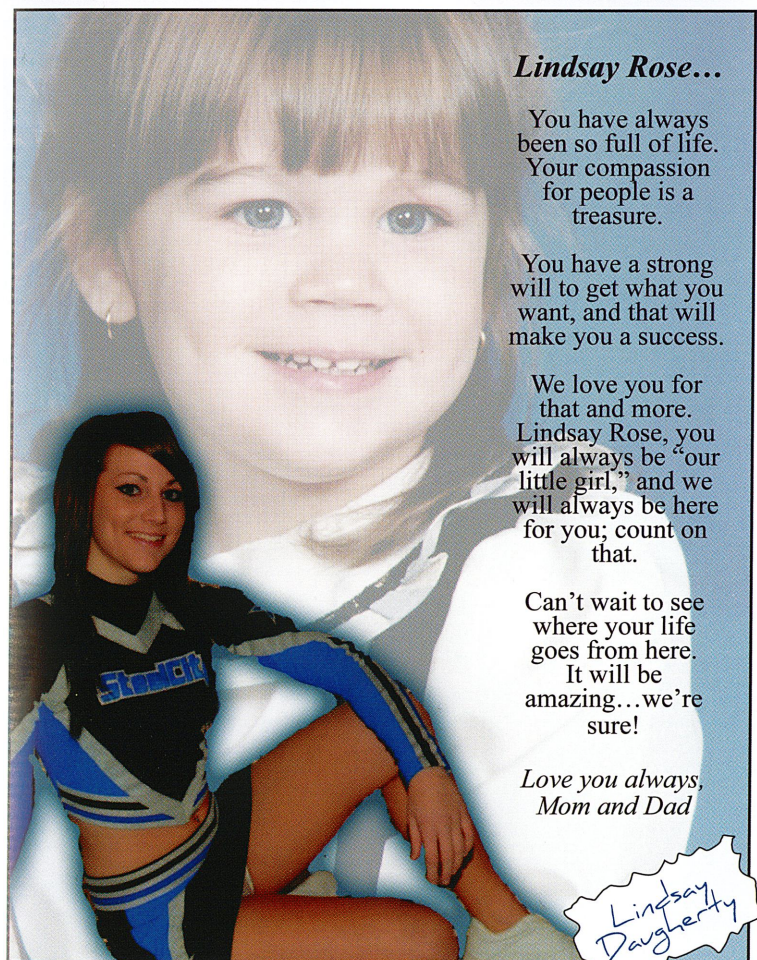

You have a strong will to get what you want, and that will make you a success.

We love you for that and more. Lindsay Rose, you will always be "our little girl," and we will always be here for you; count on that.

Can't wait to see where your life goes from here. It will be amazing...we're sure!

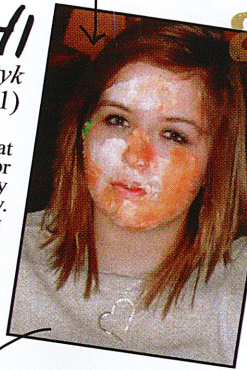

Love you always,
Mom and Dad

Life is too short to wake up with regrets, so love the people who treat you right, forget about the ones who don't. Believe that everything happens for a reason. If you get a second chance, grab it with both hands. If it changes your life, let it. Nobody said life would be easy; they just promised it would be worthwhile.

You have come so far in what seems like just a short time. Your spirit and loving life are what makes you who you are. We admire that you choose to do the things in life that interest you, and not because your peers do them.

We are so proud of you and have loved watching you grow into a smart and confident young man. We hope that you hold onto the best things your family has given to you, unconditional love and great memories.

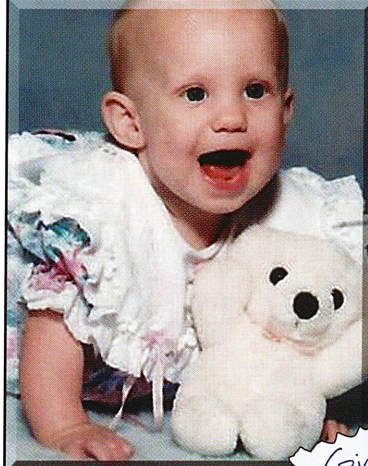

As you begin the next part of your journey through life, go confidently in the direction of your dreams; believe in yourself as much as we believe in you. Find happiness and success in all that you do.

Always remember that no matter what you do, you can depend on our support, guidance, and friendship. You have filled our hearts with love, pride, and joy. Our wish for you is that your dreams stay big, your worries stay small, and you never need to carry more than you can hold. While you're out there getting where you're going to, know that we love you and want the same things too.

To our daughter, Regina,

When you were born, we held you in our arms... very close, longing to never let you go.

With a loving touch, an understanding look, and a gentle guide to live your life with pride, you have thrived and grown into a beautiful, intelligent young woman in the blink of an eye.

We look at you... your laughter, your happiness, your simplicity. We want to tell you that we are so proud of you and love you dearly. Be the best you can be down life's winding road.

Love you always, Mom, Dad, and Michelle

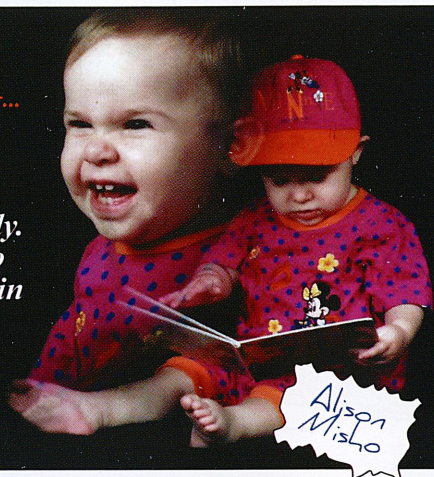

Gina Erb

To our granddaughter...

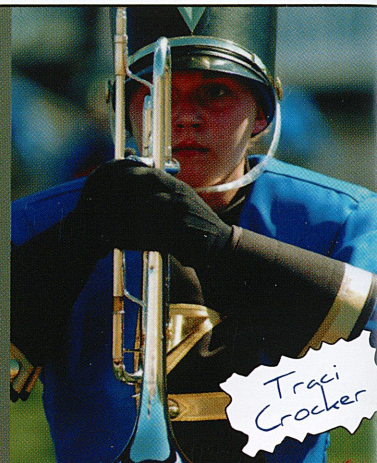

You have grown up to become a beautiful young lady. Our best wishes to you and all you do in the future.

Autumn,

Not flesh of my flesh, nor bone of my bone, but still miraculously my own. Never forget for a single minute you didn't grow under my heart, but in it!

We are so proud of all your achievements, but especially of the beautiful, loving, and caring, young woman you have become.

With your wonderful personality and uniqueness, we know you will be successful in everything you do. God bless you always.

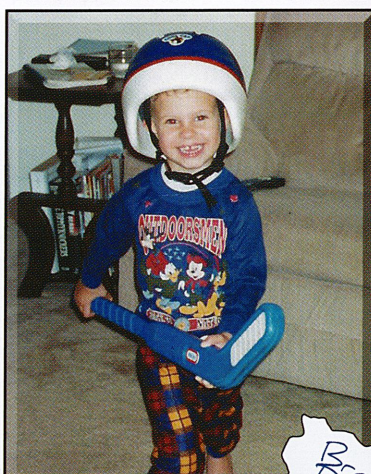

*We love you,
Mama, Dad,
Justine, Hope, and Nana*

It seems like yesterday we were lacing up your tiny little skates and driving you to 6 A.M. practices. Now you lace up your own skates and drive yourself where you want to go. You have no idea how much joy you have given us and there are no words that can describe how proud we are of the young man you have become. You have given us so many exciting memories and we look forward to many more to come in this new chapter of your life.

Approach the future like you have approached each hockey game... determined, confident, and ready to face the unknown challenge...and always remember "Today's your day." We love you! Mom, Dad, and Eric

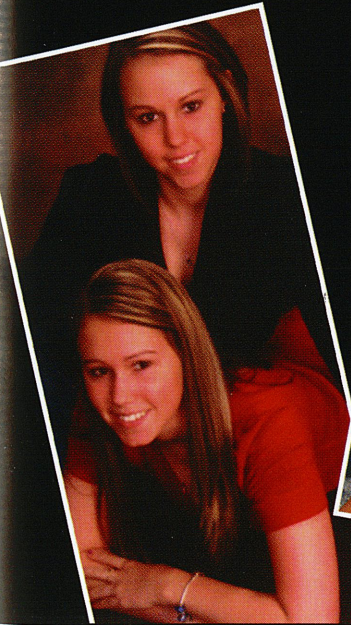

Dear Kaylee and Magen Smith

Looking back, all the memories, all the laughs, and every smile we have shared throughout the years, we hold close to our hearts. You are our angels sent from God. We are so very proud of the both of you. We love you both!

Dear Emily...

The moment you were born, I turned to your mother and said, "Margaret, she's beautiful." We knew from that day you were going to be another blessing in our lives. And, we often wonder what happened to that shy little girl who wasn't sure she wanted to dance! Today, many words from unassuming to confident and talented to compassionate can be used to describe you. For the past seventeen years, you have amused us with your sense of humor and delighted us by how you share your talent, especially your musical talent, freely with others. We are especially proud of your concern for others as evidenced by your tireless work as editor of the "Buddies" yearbook staff and by your decision to become a nurse. Emily, stay focused on your goals and keep pursuing your dreams. We will always be there to support you! Continue to be a good sister to Kathryn. She's the best friend you will ever have and simply put, she adores you. Your relationship as sisters is very special and it makes your mom and me very happy. We could not be more proud of our "Emmer."

From the beginning, you have always excelled. If you set your mind on something, you accomplished it. Whether it was riding your bike or becoming Drum Major of the nationally ranked "Big K" band, you did this all with a smile and an ease that amazed us. We feel so blessed to have the gift of being your parents, and the privilege to watch you grow into a caring and confident, young man. You have chosen to lead and not to follow, to stand by your beliefs, and to surround yourself with friends that are the same. We cannot express the pride and honor we feel to have you as our son. You are the miracle that we prayed for, and hope that you realize that no matter where life's journey takes you, we will always be here to love and support you.

We love you and pray for your continued blessings,

Dylan...

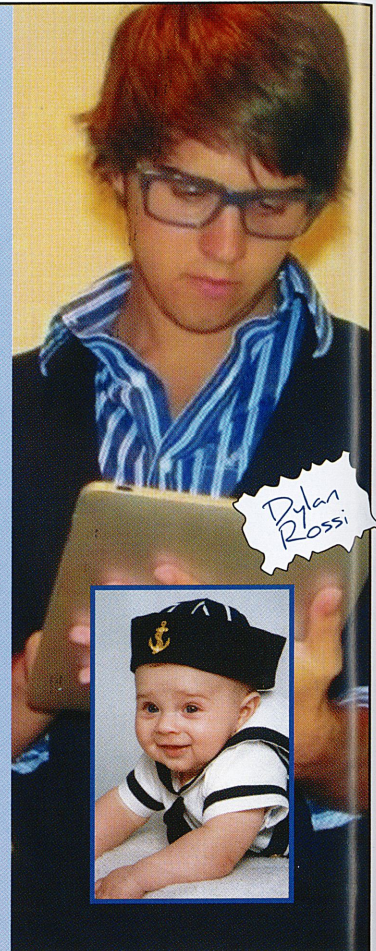

We can't believe that you are graduating already. From the day you were born, you were a joy, and you have truly touched our hearts.

It feels like it was only yesterday that you were crawling on the floor as a baby, playing with your cars and letting your brother know who was boss. Now, you have found your own interests with computers, games, hockey, and most importantly, your friends. You have grown up so fast that we are proud to be a part of your life and its experiences.

Your hard work and continued growth is unstoppable. With your proven strength and determination, you will achieve great things in your future, and you will overcome challenges that come your way. As your parents and loved ones, we are so proud to say that you are our son.

Your sense of humor and kind heart will take you on the right path through life's experiences that await you. You were such a special little boy and now a special man... but always our Dylan. We hope you know how much we all love you and how much we have enjoyed the journey with you to this point. Best of luck in college and beyond. We are always here for you and watching proudly and eagerly about your future.

Love, Mom & Jeff,
and Dad & Yvette.

What a journey it has been!

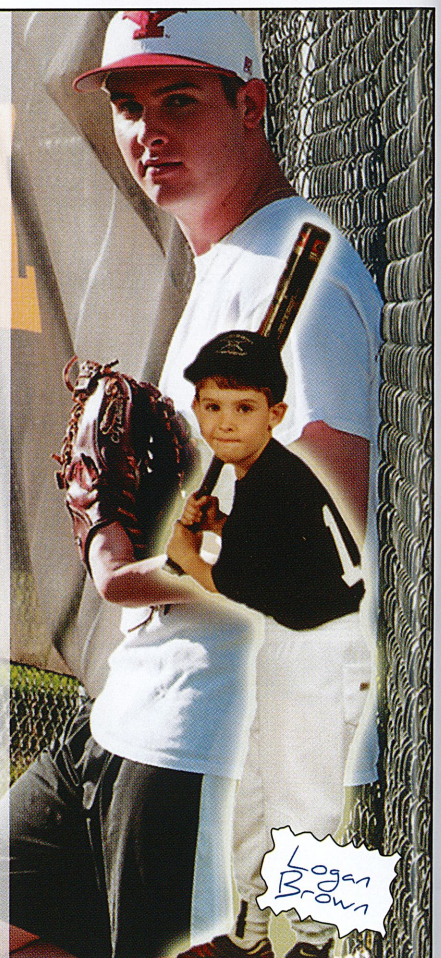

From your first steps onto a basketball court, soccer field, or baseball diamond, you have given us a lot to cheer about. From tee ball through AAABA, you have played to win. Every game you play reveals your determination, confidence, and passion.

You have grown into a young man with strong values and discipline... continue to aim higher than you believe you can reach!

Go confidently in the direction of your dreams, live the life you've imagined, and most of all, find happiness in all you do.

"Where would this book
be without you? Your
dedication has been
phenomenal. Not only
were we honored to
have your photography
skills, we were blessed
with a leader. You will
be greatly missed next
year. Thank you for
absolutely everything."

Jocelin Herstek (11)

"The dedication you
have contributed to this
book is unreal. It would
be nothing without
you. I look up to you
in so many ways. Your
photography and hard
work inspires me and
losing you will be huge
at the end of the year."

Alexis Satterfeld (11)

"We've learned a lot
from each other this
year, Claire. I'm so
happy I was able to
work on this book with
an individual such as
yourself. I know you
will be successful in

you choose."

Colin Moffitt (12)

"I couldn't think of
anyone better to take
over the Chief position
than Claire. After
watching her grow as a
creative photographer
in 2010 and as a
fearless leader in 2011,
she was made for the
job. Congratulations,
Claire!"

Livy Ciotoli (2010 grad.)

When glancing through the memories stored in the past 49 yearbooks, I cannot help but be amazed at how far we have come. *Campus* has experienced the Vietnam War, hippies, big 80s hair, Y2K, and finally, a new era of SmartPhones and social networking. Black and white photography has evolved into digital files altered in Photoshop with just several key strokes. However, every book shared one similarity, the dedication shown by each, individual staff member. Outsiders will never realize the study hall and after school time devoted to writing captions, planning stories, editing photos, and documenting sales. Continuing the tradition, the efforts put forth by every person involved in the production of this book have been nothing short of inspiring. I am confident that *then. now. always.* exemplifies the creativity and diligence Kiski has supported for fifty years.

A perfect example of dedication is you, Shelby. The months it took to type in every TNA answer shaped the year's theme. Likewise, Rosie, you showed no qualms over switching from traditional stories to short blurbs. Amber, Gugg, and Dylan, while you were all new to the staff, you each stepped up and handled your assignments without the typical lit staff procrastination.

Jocelin, once again, you led the way through the never ending captions and sidebars. Your productivity and work ethic occasionally scared me, but I know they will make next year's book great. Kayla, Kyle, and Doug, as new members to the staff, I appreciated your contributions and the extreme humor that you added to the room.

Alexis, thank you so much for managing the staff that I knew close to nothing about. The work that you, Jessy Bear, and Hannah did throughout the year kept *Campus* on its feet. While business staff may seem like "the easy staff," I am well aware that I could have never handled the numbers and organization that you girls systemized.

My dear, sweet photogs... the natural talent each of you has is undeniable. Katie, Theresa, and Hannah, with your guidance, next year's book will have no problem achieving the high caliber of *Campus* photography excellence. And Molin Coffitt?

Thank you for tolerating my constant sarcasm, breaking my bones, and supplying a lifetime worth of doodles.

Another large addition to the book involved the many QR codes made possible by the assistance of Mrs. Jacobs and her Broadcast Media II classes. A *Campus* video staff would have been a disaster. But, thanks to you guys, we had no worries about this new technology. Morgan, the work you do with a video camera amazes me and I hope you continue to make videos, even when you leave Kiski.

Finally, I must extend my endless gratitude to Mr. Fantaski. From InDesign to Photoshop to managerial skills, you have truly taught me everything. The personal time you put into tweaking microscopic details and mentoring staff members has made *Campus* nationally recognized. This book could never have happened without your guidance. I am devastated that my time on your staff ends after only three years. However, I know that the values and skills you have taught me will assist me in anything I pursue.

I initially arrived onto yearbook staff inexperienced and enticed by the closet of sugar. Three years later, I can hardly remember life without deadlines, "PF" initialed passes, and the lava lamp family. I have learned that photography is not just the snap of a button, but an art form gained through experience and patience. Additionally, a yearbook is not just a collection of moments, but rather, a record of memories that will always contribute to the history of our school. I love you all!

senior schtuff

All seniors must have their yearbook portrait taken by the official senior photographer, Paige Duckworth, from *Hourglass Photo*.

The yearbook staff and the senior photographer conduct an assembly with all prospective seniors in the spring of their junior year to distribute all pertinent information concerning senior pictures. The senior photographer offers various times for individual appointments, as well as a wide

254

forever
kiski area

widest variety of people to get to
know and befriend.
Courtney Stinebiser (10)

variety of packages from which to choose. While we certainly encourage it, students do not have to purchase pictures or packages from the senior photographer. However, each student must pay a sitting fee for the processing and developing of the pictures. This year, *Hourglass Photo* charged \$15. This price may increase from year-to-year due to rising costs involved.

The yearbook staff can guarantee that individual senior pictures will appear in the book only if each student schedules his/her appointment on time, arrives for the shoot on time, and chooses which proof to appear in the book on time. No profile shots will appear in the yearbook. Additionally, the yearbook staff and the senior photographer will define all due dates, and will include these in the information given out at the senior portrait assembly.

By having portraits taken by the same photographer under the same conditions, the yearbook staff can implement uniform quality for all photographs, thereby serving the best interest of all students.

For the 2012-2013 school year, the district will utilize the talents of Ms. Paige Duckworth for all senior portraits. Her establishment, *Hourglass Photo*, resides at 2 Labelle-Vue Road - Vandergrift, PA - 15690. Telephone: 724-568-3128.

senior *special* info

While considered inappropriate in some yearbook judging forums, the *Campus* staff feels that the Senior Specials represent a Cavalier tradition worth keeping. Sometime after the winter holiday break, the yearbook staff designates one week for all seniors to vote on their favorites in a wide variety of categories. The staff collectively decides on which categories to include and which to eliminate. Still, the staff tries only to include categories that reflect positively on the students.

Only the yearbook adviser counts the ballots for each and every category; yearbook staff members play no role in the election.

To maximize the opportunity for each student to receive a Senior Special, no

senior may win two categories, with the exception of the "Best Friends" and "Class Couple" categories. Should one student win two or more categories, the yearbook adviser governs the final decision on how to award each category.

senior *directory* and parent ads

Determined by deadlines, the yearbook staff designates a single week, usually in January or February, for seniors to complete a directory sheet that asks for all of the clubs, sports, music ensembles, and future plans for each senior. The yearbook staff includes only directory information submitted by the designated deadline and reserves the right to expunge any entries that include falsified information.

On the first day of school, each senior receives a form that defines everything parents need to know about Parent Ads. The form defines pricing, requirements for the ad, and relative deadlines.

Later in the year, the yearbook staff reminds parents with another copy of the Parent Ad flyer.

The yearbook staff does its best to personalize each ad, and this takes a considerable amount of time. Furthermore, each year, the staff has only a limited amount of space for Parent Ads. Hence, to guarantee that individual ads will appear in the book, the staff suggests that parents submit them as soon as possible. The *Campus* staff reserves the right to deny Parent Ads once the designated amount of space has become depleted.

client *satisfaction* and pricing

By virtue of the fact that the yearbook represents a student conceived, planned, and produced publication, the staff cannot guarantee complete satisfaction to the

purchaser. Hence, the staff will refund no money for poor portrait quality, misspelled names, etc. Books returned for refunds must not have any writing in them and cannot display any damage obviously done by the student. Once returned, the book becomes the property of the staff and may be resold at the current cost.

The yearbook staff will exchange books only for certain reasons. No exchanges will transpire unless the adviser determines that the book has a major flaw such as missing pages or pages printed upside-down. All refunds and exchanges happen only at the discretion of the adviser.

Should the yearbook staff have no record of a student ordering a book, the student must produce a receipt or a cancelled check to demonstrate proof of the purchase. No student may pick up a book for another student.

Students order books during *Campus* Week, the first full week after Labor Day. Each student must fill out a yearbook ordering form, place it in an envelope with the appropriate payment, and drop it in the wooden collection box outside room 106.

Students may pay half during *Campus* Week and half after the December holiday break, if they wish. Still, if the student misses the announced deadline for second payments, a late fee may occur.

After *Campus* Week, students will pay an additional \$10 for each book ordered.

For the first time, this year, the staff offered the opportunity for students to order books online at *balfour.com*. Additionally, students had the opportunity to purchase various other items, but only when ordering online.

If there are books available at the end of the year, the yearbook staff will sell them at a first-come-first-serve basis.

At the winterguard's performance at the intermediate school, Kara Bayer (12) dances to the regiment's *Move* show. "My mother was in colorguard when she went to Kiski. It's cool that I get to carry on the tradition and hope that my child will one day do the same," Bayer said. Instructors designed the show based on the modern dance style of Martha Graham.

then. now.
256 always.

then now

It astonishes me how much my children accomplished in my 50th year, and for that, I'm so filled with emotions. I'm so proud. I'm proud of my girls golf team who ended their season 10-0 and made it to WPIALs. And I will never forget when my marching band won its sixteenth Bands of America Regional in Towson, MD. I loved watching my library come alive again with the addition of the coffee shop, and after all these years, I'm so proud to claim my first state wrestling champion in Matt McCutcheon.

I'm anxious. I have cracks, marked floors, and chipped paint that needs a touch up. I can't wait for my incredible staff of workers to seal them, shine them, and brush them over the summer. Still, I'm so sad. I hate this time of year when I have say goodbye to my seniors and send them out into the world. Have I done enough to prepare them? How can I improve for next year? I'm anxious to rally my principals and faculty to analyze, adjust, and make changes to improve for the future.

I'm so eager and filled with wonderment. How many cars and trucks will Sebastian Zavanich fix throughout his life? Will Jenkins and Compton still be together ten years from now? Will Ryan Francart enjoy his time spent at Slippery Rock? Will Brianna Brusco ever return as an art teacher? How many buildings will Pat Slusarick design in his life? Will Fawn Martz continue to act while attending Edinboro University? How many animals will Chelsea Stapchuck heal in her life? Finally, please realize this... nothing brightens my day more than seeing graduates return through my front atrium doors. Know that my entry is always open, you are always more than welcome to return, and I will always track your successes throughout life. Once a Cavalier, *always* a Cavalier!

Scarred in battle, Matt McCutcheon (11) stands in victory with Coach Tursky (fac.) and Coach Heater (fac.). McCutcheon said, "I was so excited to become Kiski's first state wrestling champion. There was a lot of pressure on me, and I'm just glad that I could represent my coaches, team, and the school so well." McCutcheon won the state AAA 182 lb. weight class by a score of 2-1 in overtime against Khalique Harris from McDowell High School in Erie, PA.

Colin Moffitt (12) sketched and drew every doodle to reflect the hundreds of answers given by the student body. Here's how we took his Sharpie drawings and made them work.

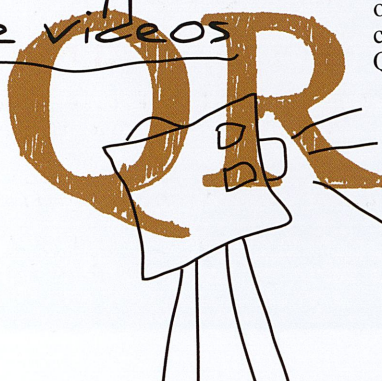

Dancer is actual drawn size

We scanned Moffitt's drawings, took them into Photoshop CS4, darkened them with contrast and levels, used the magic wand tool to select the black (non-contiguous), inverted the selection, removed the locked layer, deleted the white background, and then saved each doodle as a PNG file.

the gr code videos

New to the curriculum, Broadcast Media 2 took on the responsibility of creating all videos for the QR codes in the book.

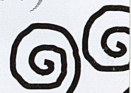

Cameras: 3 Panasonic AVCHDs

Program: Sony Vegas

Format: AVI

Thank you, Mr. Jack, for helping us to make this happen. You rock!
